September 28, 2011

Dear Catholic Central Alumni,

When I retired last spring, I commented on how unusual it is these days for anyone to remain – and flourish – in one place as long as I had. For 31 years of my 33-year career I taught, mentored and coached at Catholic Central, and I loved every minute of it. My job was a dream job, and I am still amazed and grateful to have had a part in ushering at least two generations of CC students toward adulthood.

You might say that CC is an indelible part of me, which is why I am excited to announce my return this month as your first-ever Director of Alumni Relations.

What does a director of Alumni Relations do? Like I did as a coach and teacher, I will be putting all of my energy into you -- and Catholic Central. That means I'll be working with you to plan events that bring alumni "back home" to reconnect with CC and with each other: celebrations, ceremonies, networking events and more. And it means getting your support so that we have the "people power" and the funds to keep Catholic Central going strong.

Catholic Central has played an important role in the greater Grand Rapids community for more than 100 years. But never has CC been more vital or its mission of Catholic school education more relevant than it is today. And because CC alumni are so AWESOME, I'm confident you'll work with me to make sure it stays that way for generations of Cougars to come.

Sincerely,

Dick Truskoski (Coach T)
Director of Alumni Relations
Grand Rapid Catholic Central High School

PS: Watch for announcements about upcoming events and ways alumni can reconnect with your alma mater, coming soon!
